Seven Trained in Walworth, WI

The Agape House for Girls was the site of our May 19th Leader Training session in Walworth, Wisconsin. Three FIT board members were present: Suzanne Wilson, Don Pratt, and Ellie Larson.

Agape House provides a home and school for troubled girls aged 12 to 18 and teaches them life skills in a Christian setting. We are delighted that they saw promise in the FIT program and invited us in. Special thanks goes to Suzanne Wilson for doing the ground work for this event.

Not in the picture because she was taking the picture is Adrienne Kuehl. Adrienne had just been trained in Florida before returning to her home in Milwaukee and joining us again in this training. She brought along fellow Milwaukeean Sharon Thomas, at left on the couch. Agape House Director Pam Patterson also joined her staff in taking the training.

The girls of Agape House are leaving for the summer to go back to their homes but plans are to implement FIT courses when

they come back.

FIT applauds the Agape House for their dedication and foresight to do whatever it takes to help their clients find their way. We appreciate the work everyone that everyone on the team is doing.

Need Leader Training? The next one is in Brooksville, FL on June 19. See our website at www.familyintegrity.org for more details.
